

alagnaSKItouring

Get away from the crowded pistes.

Discover the most hidden corners of Monte Rosa.

Climbing with skis and skins it's possible to have easy access to the best spots, getting the best snow of the area.

An activity for everybody, from the beginners looking for a new experience on the snow to the most expert that are looking for the best descents.

Program:

Meeting in the morning at our meeting point. Daily briefing about avalanche risk, weather and snow conditions. Check of the personal gear.

Up with the cablecar or starting directly from the village of Alagna or Rassa or St. Antonio, depending on the snow conditions. Our aim is to get the best from the day, reaching the best places for your ski technique and skills, safety for the group is a high priority as we search for the best snow on the way down.

alagnaSKIguides

What do our Guides do with you:

- Teach you ski technique and ski touring skills in off-piste always with an intensive daily program.
- Guide you safely in the best runs searching for the best snow... and understanding why it is there!
- Teach you all they know about weather, snow, avalanches.
- Teach basic information about rescue and practice the new techniques in searching in an avalanche.
