L'aria di Casa was built in 1923 and is a beautiful belle époque style villa, overlooking the Alagna Main Street, 300 m from the village center and 500 m distance from the gondola lift, one of the Monterosa ski area access.

Recently restored with vintage and shabby chic taste, it's surrounded by a large garden where, during the beautiful summer days you can relax in the sun and in the winter, have fun making lots of snowman or enjoy the outside sauna.

The house has 3 very pretty, big & bright double bedrooms all with lovely alpine wood furniture.

The bathrooms are shared with comfortable showers and come with courtesy sets with natural organic products.

A fresh, rich and genuine breakfast is served in the main living room where, during the day, our guests can read, play board games and have good relax. During the winter the shuttle stop for the lift, is just in front of the house.

A home away from home, where you will find Laura and Loris ready to take care of you and advise how to enjoy the beauties of Alagna.

Particularly suitable for those who love a cozy and relaxing place.
